### COUNCIL COMMENTS

#### **Clarence Bolden**

- Attended the GMA meeting with Councilwoman Reimer and asked GMA to help with the design of the park, received contact names to help with it. Also asked for help with Downtown development, sewage and bringing more businesses to our Town. We need to receive the survey so that the Town knows exactly what we own. The next stimulus monies the Town gets can be used for sewage for downtown area

#### **Susan Reimer**

- Spoke with Councilman Bolden about going to the GMA meeting and how the Park design, downtown development and sewage projects all work together as a plan.

#### **Alan Stapp**

- Spoke about the windows and doors quote's we received from ATL Glass and Mirror and Window World. Window World can complete the job, ATL Glass and Mirror can only do so much of the job and we would have to get another contractor to finish the job. We are going to get one more quote from American Eagle Construction and go from there

#### **Fernando Ramos – N/A**
