PUBLIC COMMENTS

- L. Wallin at 256 Linch Rd wanted to thank the Council for moving forward with recalling the bond for Graceton Farms. Wanted to let the council know that the HOA is taking care of mowing of the grass and the retention pond. The culvert is a big safety problem and wants that considered as a priority.
- K. Brewer at 112 Nobleview Dr wanted to thank the Council for recalling the bond. She wants a street in front of her house and not a private street. The asphalt has about a 10 inch drop off and after rain it gets worse.

- K. Blair at 262 Township wanted to thank the Council for recalling the bond and wanted to bring to the Councils attention to the parking down town that if they decide to remove all the parking spots from the front of the businesses that she will not be able to shop anymore because she can't walk that far. The speed tables on Linch rd. and S. Hunter needs to have something concrete so cars can not drive on the side of the road in the grass to avoid the speed table.
- C. at 43 Water Oak wanted to bring attention to the sewage system in the Oaks.
- R. Hecht from the Winding Oaks subdivision wanted to speak about the annexing of the 2 lots next to his home from residential to commercial lots. He is very much so against this and will be at all the public meetings.
- D. Beddie at 5261 Hwy 16 is opposed to the annexing the 2 lots on hwy 16 from residential to commercial. Will be the public meetings.
- D. Norris owns a lot in Graceton Farms wants to let Council know that if they remove parking in front of stores down town she will not be able to shop there because of her health.
- J. Daily at 91 Wind Oaks Trl is opposed to the 2 lots on 16 being changed to residential lots to commercial lots and will be at the public hearings.

COUNCIL COMMENTS

- **Clarence Bolden**
 - Happy to see people in the meetings and wants to let the citizens know we have other committees, a community garden, happy for the speed tables, and that we need to get a code enforcer officer hired to address all the things about the things that needs to be addressed.
- **Walter Sprouse**
 - Wanted to speak on the Oaks of Turin sewage system. The CCWS took over the maintenance and ownership of the system and is reaching out to the CEO of the system and has not gotten a response from them. He will continue to reach out until he speaks to someone to get them over there to get the problems addressed. Wanted to let the home owners to reach out to Coweta County Water and Sewage Authority with all the concerns with the system. Wanted to let everyone know that him and Councilman Bolden has met with Senoia and Sharpsburg about a sewage system for Turin. Wanted to warn people about scamming emails.
